New York, N. Y., March 31.—At a meeting of the American Olympic committee last night at the New York Athletic club and presided over by Colonel Robert M. The delegates appointed are Colonel R. M. Thompson, James E. Sullivan, Supreme Court Justice Barlow S. Weeks, Dr. Graeme Hammond and Dr. G. Manning, all of this city; Everett C. Brown, Chicago; Alfred J. Lill, president of the Amateur Athletic Union, and Joseph B. MacCabe, Boston; Lieutenant H. Laning, Washington, D. C.; and one other to be named later.

Publicity Committee.
Professor William A. Sloane of Columbia University; Dr. G. R. Manning and James E. Sullivan were selected as a committee on publicity so that they could inform the European countries exactly how the American selects and manages the athletes who will represent this country in the next Olympic games. Professor Sloane said that during a recent visit in Europe he found that people over there were laboring under the impression that the American committee paid all the train expenses of the athletes whereas they only assumed responsibility for the expenses after the men selected had reported here ready for the trip.

Straw Vote Taken.
A straw vote was taken as to the advisability of women taking part in competitions. The vote showed that the sense of those assembled was in favor of women competing only in class games such as tennis, gymnastics, archery, etc.

It was decided to call upon all athletic clubs, colleges and schools throughout the country to follow the

KOETTERS IS FOUND GUILTY

Life Imprisonment for Murderer of Mrs. Emma B. Kraft Is Sentenced.

Chicago, March 31.—John B. Koettters was found guilty of murdering Mrs. Emma Kraft of Cincinnati, and his punishment fixed at life imprisonment in a verdict rendered by a jury here today. The jury took the case yesterday afternoon. Koettters was found guilty of killing Mrs. Kraft in a hotel here by a blow from a hammer which crushed her skull.

The crime was committed November 14, 1912. Mrs. Kraft was 60 years old and had been a widow four years. She had been infatuated with Koettters and had just sold property in Cincinnati for \$3000. It was the accusation of the state that Koettters, failing to get this sum from her by cajolery, murdered her and fled with it.

Mrs. Kraft was found at the point of death, her head crushed from a blow with a machinist's hammer, in a hotel room. Suspicion pointed to Koettters, but a nation-wide search for the man was fruitless until he was accidentally recognized in San Francisco a few weeks ago.

MASKED MEN TAKE PRISONER

Summary Vengeance Is Meted Out to Alleged Wife Murderer in Santa Fe Jail.

Santa Fe, N. M., March 31.—Twenty masked men at 1 o'clock this morning took Adolfo Padilla, charged with murdering his wife, from the Santa Fe county jail here, and taking him to the nearest street corner, inflicted wounds with knives. He probably will die before daylight. A priest was sent for.

The party overpowered Jailer Thomas Closson, son of Sheriff Charles Closson, on guard at the jail, and taking his keys opened Padilla's cell and dragged him out. Four shots were fired but whether any entered Padilla's body was not known at 2 o'clock. The avengers quietly dispersed, leaving Padilla nearly dead in the street.

Relatives of his wife, Mrs. Refugia Blea de Padilla, found her dying at the home of her mother, Mrs. Ramon Blea, last Saturday afternoon. Her throat had been slashed with a razor and both wrists cut.

THE WORLD'S MARKET NEWS

WALL STREET
New York, March 31.—The market swung about decisively today and exhibited sustained strength throughout the morning. From the action of the Interstate Commerce commission in expediting hearings in the freight rate case it was inferred that the decision might be reached earlier than had been expected. The news stimulated railroad stocks, which led the advance.

The unusually good winter wheat estimates gave further impetus to the movement, in which the industrial stocks ultimately joined. Over extension of the short interest placed the shorts in a vulnerable position, and the advance was due as much to the retreat of the bears as to operations on the long side.

CHICAGO GRAIN
Chicago, March 31.—Fine crop prospects and weak cables resulted today in lower prices for wheat. The market opened a shade to 1-4@3-8c down and underwent a further sag.

Corn weakened on account of reports that as much as 12,000,000 bushels had been sold in Argentina for April and May shipment to the United States. Prices after starting a shade to 1-4@3-8c off, continued to fall.

Depression spread from the other grain pits to the oats crowd, where bidders appeared to be in a minority. The decline in oats however, proved more reluctant than for wheat and corn.

First sales of provisions varied from 2-1-2c lower to a like advance but later the market made a gain all around.

Absence of export demand kept the wheat market heavy, despite a big increase in the world's available supply. The close was at a net decline of 7-8 to 1c.

Cheaper quotations for Argentine corn cargoes prevented any important rally. The close was weak, 5-8 @3-4 to 1c net lower.

Sugar.
New York, March 31.—Sugar—Raw, quiet; molasses, \$2.30; centrifugal, \$2.95; refined, steady.
